About Us

- ❖ R2, ISO 9001, 14001 & 18001 Certified
- ❖ Leadership comprised of industry veterans
- ❖ Women Owned
- ❖ Financially Stable
- ❖ Aggregator of 'Point Solutions' including electronics, universal, hazardous, and solid materials

Why Us?

- ❖ Secure, reliable, compliant
- ❖ Flexibility
- ❖ Transparency
- ❖ We simplify the process
- ❖ Unique ability to expand your IT budget

Data Security

All assets are processed in with strict security protocols in accordance with the National Institute of Standards and Technology (SP 800-88 r1).

- ❖ 2015 Study by IBM & Ponemon Institute found average total cost of a single data breach is \$3.79 million (\$154 per data record)
- ❖ 2015 Study by Blancco Technology Group & Kroll Ontrack found an alarming 48% of the hard disk drives and solid state drives they tested contained residual data.
 - Found ineffective deletion attempts on 75% of the devices containing information
 - In some cases, 100% of the data was able to be recovered

Sustainability Solutions & Services

- ❖ Data sanitization
- ❖ Asset tracking
- ❖ Consulting services
 - Including risk assessment & asset disposal plans
- ❖ Onsite services
 - De-installation
 - Data sanitization
- ❖ Technology credits
- ❖ Audit reporting
- ❖ Corporate charity options

We are R2 Certified!

- ❖ The R2 Standard requires rigorous quality controls to ensure your data is sanitized in adherence to the most secure industry practices.
- ❖ Mandatory annual audits of R2 companies provide greater assurance that data is effectively protected & destroyed
- ❖ "Certificates of Destruction" are meaningless without proof of a 3rd party audit to back up the claim.

- ❖ R2 Certified companies:
 - Limit your exposure to data breaches and environmental liability
 - Protect your brand
 - Put into practice the rigorous requirements of the R2 Standard to undergo yearly, multi-day inspections to prove it
- ❖ Certification ensures:
 - Data security
 - Health and safety of workers
 - Sustainability & environmental protection
